EXHIBIT No. 4

00023

Dear Friends,

This letter is in response to complaints and inquiries that our company has received about our lack of filling orders requested by you, our valued customers. I will give you a short synopsis for what occurred to our merchandise.

Far Eastern entered into a contract with a steam ship company to carry a container aboard one of their vessels leaving Hong Kong in January and arriving at our Caribbean address in mid-February. The ship was to travel through the Panama Canal and it's first stop was to be the Virgin Islands. On February 15, 1987, we were advised that the vessel had deviated from it's original travel route and had stopped in Valparaiso, Chile. The Chilean authorities inspected the cargo and seized our container. We have contacted a Chilean solicitor who advised us that we can probably have our container released after we litigate the matter in their courts. He advised that the process will be slow and could take over a year. Since we have to negotiate with a fascist regime, we feel that his estimate is probably very optimistic.

Please, do not be concerned about your names or addresses being disclosed since no shipping documents or mailing labels were in the container. However, we have secured additional merchandise and you will be receiving a new catalogue offering some of our old and new merchandise. Please, bear with us, this incident and resulting problems have been thrust upon us due to circumstances beyond our control. We at Far Eastern only want to be recognized by you as a reputable company that will conduct business in a professional manner and we want to assure you that we will get your merchandise to you.
